### Inhalation

Remove source of exposure or move person to fresh air and keep comfortable for breathing. If unwell, exposed or concerned: Get medical advice/attention.

### Skin Contact

Immediately wash with plenty of water for at least 15 minutes or until product is removed. Remove and wash contaminated clothing before re-use. If skin irritation occurs or you feel unwell: Get medical advice/attention.

### Eye Contact

Immediately flush eyes with plenty of cool, clean water for at least 15 minutes, while holding eyelids open. Immediately call a POISON CENTER/doctor.

### Ingestion

Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a poison centre immediately.

### Most Important Symptoms/Effects, Acute and Delayed

May cause skin and eye irritation. Ingestion may cause gastrointestinal irritation and discomfort.

### Indication of Immediate Medical Attention and Special Treatment Needed

Treat symptomatically.

## SECTION 5) FIRE-FIGHTING MEASURES

### Suitable Extinguishing Media

Use extinguishing media suitable for the surrounding fire.

### Unsuitable Extinguishing Media

Do not use straight stream of water.

### Specific Hazards in Case of Fire

Oxides of carbon and nitrogen.

### Fire-Fighting Procedures

Isolate immediate hazard area and keep unauthorized personnel out. Stop spill/release if it can be done safely. Dispose of fire debris and contaminated extinguishing water in accordance with official regulations.

### Special Protective Actions

Wear protective pressure self-contained breathing apparatus (SCBA) and full turnout gear.

## SECTION 6) ACCIDENTAL RELEASE MEASURES

### Emergency Procedure

Do not touch or walk through spilled material. Isolate hazard area and keep unnecessary people away. Notify authorities if any exposure

to the general public or the environment occurs or is likely to occur.

### Recommended Equipment

Refer to Section 8 for specific personal protective equipment.

### Personal Precautions

Avoid contact with skin, eye or clothing. Do not touch damaged containers or spilled materials unless wearing appropriate protective clothing.

### Environmental Precautions

Stop spill/release if it can be done safely. Prevent spilled material from entering sewers, storm drains, other unauthorized drainage systems and natural waterways by using sand, earth, or other appropriate barriers.

### Methods and Materials for Containment and Cleaning up

Contain and collect spilled materials with non-combustible, absorbent material and place in a container for disposal according to local regulations.

## SECTION 7) HANDLING AND STORAGE

### General

Wash hands after use. Do not get in eyes, on skin or on clothing. Use good personal hygiene practices. Eating, drinking and smoking in work areas is prohibited. Remove contaminated clothing and protective equipment before entering eating areas. All containers must be properly labeled.

### Ventilation Requirements

No particular ventilation requirements.
